Ross Walker

Thank you.

I lived here for 23 years and I never met a doctor like you. I thought there was no point in going any more because all I do is to spend too much money and make my stress worse.

You really showed me that you cared about my health and wellbeing. I was so surprised that even although you are a heart doctor, you got all my results and looked at my whole health, and explained the test results to me.

I am sending you a copy of my book. Thank you so much for what you have done for me.

Kind regards,

Mahboba Rawi
President
